NAPTOSA CONGRATULATES NEW FEDUSA LEADERSHIP

NAPTOSA congratulates the newly elected national leadership of the Federation of Unions of South Africa (FEDUSA), following the successful conclusion of its 8th National Congress.

We extend our warm congratulations to:

- President: Refitlhile Baloyi (PSA)
- Deputy Presidents: Martle Keyter (MISA) and Waheed Hoosen (HOSPERSA)
- Vice President – Development and Youth: Nkosipendule Ntantala (NAPTOSA)
- Vice President – Finance: Jacques Hugo (UASA)
- Vice President – Public Sector: Pierre Snyman (PSA)
- Vice President – Social Justice: Maluleke Nkhensani Didah (PSA)
- Vice President – Training and Education: Paul Sauer (SAOU)

We are especially proud to congratulate our own Mr Nkosipendule Ntantala, NAPTOSA's Deputy President, on his election as Vice President – Development and Youth of FEDUSA. His election reflects the confidence the federation's affiliates have in his leadership, commitment and vision. It also affirms NAPTOSA's long-standing contribution to the federation and to the broader labour movement.

In this role, Mr Ntantala will help drive the development agenda of FEDUSA, with a particular focus on stimulating the debate on critical issues affecting young workers, youth development, trade and industry, economic development and climate change, empowering young workers and preparing the next generation of leaders in the world of work. We are confident he will serve the federation with the same dedication and integrity he has shown NAPTOSA and its members.

These are challenging times for workers, with economic pressure, job insecurity and rapid change in the workplace. Strong, united and credible leadership is needed to protect and advance workers' interests. NAPTOSA looks forward to working with the new leadership team and all FEDUSA affiliates to build a federation that delivers for its members.

To the entire FEDUSA leadership: we wish you wisdom, strength and success in the new term.

Congratulations!
