## 2024 Salary Increase

The salary increase has been officially confirmed by the Minister of Finance during his budget speech, further reinforced in the Public Service Coordinating Bargaining Council (PSCBC) deliberations, and through formal communication from the Department of Public Service and Administration (DPSA). As per the confirmed information, the execution of this salary adjustment is scheduled to take place during the month of April.

Based on past experiences, where similar adjustments were implemented, the increment was disbursed through a supplementary run, executed nationally. While there may be many narratives circulating, it is imperative to rely on verified sources. The DPSA has assured us that they will communicate the official payment date through a circular.

Considering this, NAPTOSA urges all members to exercise caution and refrain from reacting to unofficial statements or rumours. As we await further details from the DPSA, we want to reassure you that our priority remains keeping you informed throughout this process.

Please stay tuned for any official communication, and do not hesitate to reach out should you have any questions or concerns. We commit to keeping members informed with official communication updates.
