## National Elections – 29<sup>th</sup> May 2024

As we approach the upcoming national and provincial elections, it is crucial to remember the profound impact politics has on our union and our collective future. While NAPTOSA remains steadfast in its commitment to being non-party political, we cannot ignore the significant influence political decisions wield over our daily lives, workplaces, and the broader community. We are thus political but not party political.

Every vote cast on 29<sup>th</sup> May honours the struggle for democracy. Voting is not just a civic duty; it is an opportunity to shape the direction of our country and provinces, influencing policies that directly impact our rights, working conditions, and quality of life. As active citizens, it is imperative that we exercise our democratic right to vote, ensuring our voices are heard.

Let us stand together as a country, united in our resolve to make a difference, demonstrating our commitment to fostering positive change by participating in the electoral process. Remember, we cannot complain about the outcome if we choose to remain passive observers. Our strength lies in our collective action, and by casting our ballots, we assert our influence in shaping a better tomorrow for ourselves and future generations.

NAPTOSA calls on all its members to participate actively on the 29<sup>th</sup> of May 2024, by casting your vote for the party or individual of your choosing. Together, let us ensure that our voices resonate throughout the corridors of power.

In solidarity,

**Mr BL Manuel**
