NATIONAL DAY OF ACTION – FEDUSA COMMUNIQUES

On 19 August 2024 NAPTOSA conducted a survey regarding the National Day of Action. NNF27 of 2024 indicated the proposed date for the Day of Action as Monday, 7th October (or earlier). The NEC requested members to consider all aspects in their decision-making process.

The protest addresses the following key issues:

-  **Austerity Measures:** Opposing the financial policies that have led to severe budget cuts, impacting our livelihoods and public services.
-  **Job Losses:** Standing against the increasing rate of job losses that threaten our job security and the well-being of our communities.
-  **Decent Work:** Advocating for fair wages, safe working conditions, and respect for all workers.

The survey results were then communicated in NNF29 of 2024, dated 22nd August 2024. The survey showed that while 74.2% of respondents supported the National Day of Action, **51.6% indicated that they would not be participating in protests on the day.** NAPTOSA will thus not be striking on that day. This decision was communicated to FEDUSA.

One affiliate within the federation will however be supporting the National Day of Action. Any communication regarding the National Day of Action will be shared on all social media channels. Members are advised to exercise caution, as our union will not be participating in the Day of Action. As a Union we don't have separate Provincial Actions on matters such as these.

We stand in solidarity with our fellow workers and fully support the cause. While we won't be taking part in the protest, our commitment to the fight for decent work and fair treatment remains unwavering. Naptosa is using various other means to fight Austerity Measures.
